

# WEDDING DAY OF GRECIAN PRINCESS AND RICH AMERICAN YOUTH IS NEAR

Princess Xenia and William B. Leeds.

William B. Leeds, son of the late American tin plate king, and Princess Xenia of Greece, second daughter of Grand Duchess Marie of that country, are to be married this month in the palatial home of Leeds' mother in London, known as Spencer house. The princess is recovering from an operation for appendicitis. Mrs. Leeds is now Princess Anastasia, wife of Prince Christopher.

## GOMPERS THREATENS EX-GOVERNOR

(INTERNATIONAL NEWS SERVICE)  
ATLANTA, Ga., Sept. 16.—Samuel Gompers, president of the American Federation of Labor at the close of a speech here yesterday before members of the Amalgamated Association of Street Car employees threatened to bring suit for slander against former Gov. Brown of Georgia and challenged him to prove certain statements in advertisements which he said were circu-

lated by Brown. Those statements, Gompers said, had charged him and President Mahon of the Carpenters Union as accessories in murders growing out of strikes. Gompers declared there is only one other man in "the class of Governor Brown," naming representative Blanton of Texas.

## NEW METHOD OF IDENTIFICATION

St. Margaret's Hospital Dis-  
pels Fear of Mixing Ba-  
bies from Popular Kind.

Methods of identification of babies used in the Obstetric Nurseries of the present time seem to cause much anxiety. The new method, the nursery name necklace, recently adopted at St. Margaret's hospital, incorporated qualities which are an ideal means of identification.

The new method is as simple as it is valuable. The Sister in charge of the nursery is in complete control of the identification system. The complete outfit consists of lettered and unlettered beads, seal beads, pincers for connecting seal beads, and a special stringing line, which is sanitary, being water and oil proof. All beads are enameled. The lettered beads have the letters sunk and fired on, so that they can be boiled and sterilized in absolute alcohol without affecting the beads. A seal bead seals the necklace so that it cannot be removed without destroying its further use.

No complete name necklace is formed until the baby is actually born. Before the lettered beads are strung the list of names already in the nursery is noted. Should there be a baby in the nursery with the same name, the mother's first name is placed before the family name. In the event of twins or triplets (it has happened at St. Margaret's) the letters A, B and C are placed after the name in sequence of birth. After the necklace is placed on the baby the name is written plainly on duplicate papers containing the list of babies. No baby leaves the delivery room without the name necklace sealed on it. Neither does any baby enter the nursery without the name necklace on it. On discharge from the hospital the Sister in charge of nursery only,

can remove the name from the list of babies names, thereby keeping the list complete.

This method of identification is fool proof, accessible, sanitary, and sealed, indelible, non-injurious and in the care of an authorized Sister. It puts the public at ease as to the identity of the little babies at the hospital and satisfies the most skeptical and nervous mother that her baby cannot be mixed.

The Sisters invite the public to visit the nursery and are ready to answer inquiries as to the method, system and care of the "Tines" that are given in their care.

## ALL GUESTS TO BE WITNESSES

(INTERNATIONAL NEWS SERVICE)  
SAN FRANCISCO, Cal., Sept. 16.—There will be not let up in their investigation in order that no angles may be overlooked, the Detective Bureau, working in conjunction with the district attorney's office, believes the case against "Fatty" Arbuckle is practically complete.

Following a conference with Chief of Detectives Duncan Mathewson, today District Attorney Brady said: "Every known guest at the party, with the possible exception of Mrs. Taube, has been interrogated, and every angle of the case has been investigated. I think

it has been covered thoroughly. With the exception of Arbuckle, all of the known witnesses have told what they know and I feel that the case has been thoroughly investigated. Sufficient evidence has been secured and presented to justify the charge against Arbuckle."

Mrs. Taube has been located in Los Angeles and is being questioned there today. She is not thought to have attended the party of Monday, September

15, but was a caller on Arbuckle on the day before, according to Brady's information. He desires to know what went on in Arbuckle's rooms that day.

## ARDENT LOVER IS JAILED

(INTERNATIONAL NEWS SERVICE)  
WORCESTER, Mass.—Efforts of Justice Winfield J. Whiting, to patch up a

quarrel proved unsuccessful in District Court when John H. McGahey, nineteen years old, was arraigned on a charge of accosting on complaint of his former sweetheart, Annie Smith, of Parish Place. Miss Smith is seventeen years old. McGahey told the police they would have to lock him up to keep him away from Miss Smith, and they locked him up. The case was continued.

## ENGLAND HONORS DARING HAWKER AT FUNERAL

Bearing Hawker's body to St. Paul's churchyard, at Hook.

England paid its final tribute to Harry Hawker, intrepid aviator, when that hero's body was laid to rest in St. Paul's churchyard at Hook, near Brighton.

England, Hawker and a companion were the first men to attempt a non-stop flight across the Atlantic. They failed and were given up for lost when a fishing

schoner finally arrived in port with them. Hawker was killed during an exhibition at sea recently. British notables attended the funeral.
